Owing to the closing of the Sullivan County Savings Institution, we have taken the two dividends of fifteen per cent each, and have invested the same in the New Hampshire Savings Bank of Concord, N. ## Report of Board of Health.

---

Only one case has been under the care of the Board of Health the past year. May 21, diphtheria appeared in the family of Fred Fifield, in the person of a child two years of age. It was deemed best to use anti-toxin in the case, on the child and the three others in the family. The family was isolated and placed under the supervision of the Board of Health. The family of Elmer York visited the house before it was known diphtheria was present, and it was thought best to protect them with anti-toxin, which was done. The following is the expense incurred :

## Cornish Free Public Library—Report of the Trustees.

---

The Trustees have placed in the Library in the past year, forty-seven (47) volumes of books. Three (3) magazines have been taken,—*The Granite Monthly*, *Harpers'* and *Cosmopolitan*. *The Granite Monthly* and *Cosmopolitan*, bound in two volumes each, are now placed in the library. *Harpers'* will also be added as soon as bound. It will be necessary for the town to raise a reasonable sum to pay for the services of the librarian. A small sum ought also to be raised to enlarge the book cases for each section of the library. It is the opinion of the Trustees that the people of Cornish are not patronizing the Library as they might and ought. The Trustees have made no charge for their services.

## Report on Town History.

---

Not so much work has been done during the past year in collecting material for the history of the town, as in the year 1897.

Circumstances, perhaps not now necessary to mention, have retarded the work, still something is being done. In view of the action of the town at the last annual meeting the committee have worked carefully, and have drawn upon the funds in our possession moderately. The one hundred dollars legacy, and fifty dollars appropriated by the town is in the Windsor Savings Bank.

## Report of the School Board.

---

CITIZENS:—We respectfully submit to you our annual report, the same being for the year ending February, 1899. Our schools the past year have been good,—some *very* good. Most of our teachers have had considerable experience and realize the responsibility resting upon them in shaping the character of youth. We would advise parents to visit the schools often, and thus encourage the children, to help the teachers by kind words and acts, to see that their children go the first day and go *regularly*, to be slow to find fault with the teachers,—school troubles too often have their sources in the homes,—to labor to build up, never destroy a healthy school influence. Our school houses are in good repair with the exception of the one in Div. 4. There has been no change in text books; but a change in Spellers is recommended. Three terms of school were maintained in Div. 10, because on account of sickness there was only one last year. We have maintained 27 terms in 12 different houses, 274 weeks, employing 12 female and 3 male teachers. Whole number of pupils registered, boys 98; girls 68; total 166. The usual statistical table and roll of perfect attendance will be found appended. Respectfully submitted,

REBECCA BARTLETT,	} School Board of Cornish.
MAURICE J. DUNCKLEE,
